REW PROGRAMME ARCHITECTURE
GLOBAL ENERGY IN A MULTIPOLAR WORLD

12–14 OCTOBER 2022, MOSCOW

Russian Energy Week 2022

GLOBAL MARKETS: COOPERATION FOR DEVELOPMENT

- Russia–Africa: Sustainable Energy Development
- New Challenges, New Opportunities: What's in Store for the Oil and Gas Market?
- BRICS+: Potential for Technology Partnerships
- Energy as a Foundational Pillar of the Greater Eurasian Partnership
- Recalibrating Logistics for Coal Exports Under Sanctions Pressure

TECHNOLOGICAL SOVEREIGNTY AND DIGITAL TRANSFORMATION

- Creating Technologies for the Energy Transition: Current Challenges and How to Solve Them
- Oil and Gas: Technological Sovereignty
- Digital Transformation in the Fuel and Energy Sector: Prospects for Development
- Technological Sovereignty: Cooperation Between Science, Business and the State
- Meeting of the Electric Power Innovation Club on the topic: Innovations in the Sanctions Era

NEW SOLUTIONS FOR THE FUEL AND ENERGY SECTOR

- Forecasting Regional Fuel and Energy Balances to Improve Investment Attractiveness
- Modernization of the Housing and Utilities Sector as a Means to Reduce the Energy and Carbon Intensity of the Russian Economy
- Oil: Development Strategy
- Strengthening Security and Counterterrorism for Fuel and Energy Facilities in the New Reality: Current Changes to Regulation and Practice
- Petrochemicals in Russia: Overcoming the Obstacles
- Exchangization of the Fuel and Energy Sector – New Challenges – New Indicators
- The Russian Electric Power Industry: Identifying Opportunities
- Russia's Fuel and Energy Sector Under Sanctions: Help or Hindrance?
- Hydropower Amidst Global Changes: Current Status, Challenges and Development Trends
- 'Alternative Boiler House': Goals, Methods, and Means of Attracting and Managing Investments and Quality in the Field of Heat Supply
- Renewable Energy: Gigawatt Plants and Export Potential
- Improving the Reliability and Quality of Power Supply: Consolidating Power Facilities

INTERNATIONAL MEETINGS

- 61st session of the CIS Electric Power Council
- Annual Meeting of the BRICS Energy Research Cooperation Platform

SOCIAL FOCUS

- Meeting of the Commission of the State Council of the Russian Federation for Energy on 'Human Resource Provision for Fuel and Energy Enterprises'
- Social Policy for Companies: Added Costs or an Investment in Personnel?

ECOLOGY AND CLIMATE AGENDA

- Low-Carbon Energy Around the World: Crisis as a Time of Opportunity
- Pathways for Sustainable Energy Transition in Asia-Pacific
- International Cooperation to Develop a Low-Carbon Hydrogen Sector: Alliances and Partnerships
- Ash and Slag Wastes at Thermal Power Plants: How Can Energy Become the Solution?
- Greening Transport: Electric Vehicles and Hydrogen

GLOBAL ENERGY AWARD CEREMONY

YOUTH DAY

TERRITORY OF ENERGY DIALOGUE CONFERENCE
